How did Creamery 201 come to life?

In 2016, Abby and her husband were searching for a venue to host their winter wedding. After a few short months of remodeling and endless research, Creamery 201 came to life.

What was the space before Creamery 201?

In 1920, Creamery Package of Chicago built a large five-story building in growing Fort Atkinson, Wisconsin. Over the years, it has housed many different manufacturing businesses, each leaving its mark on the unique building.

What are some fun wedding ideas?

Love this question! We have seen so many creative ideas at Creamery 201, but a few of our favorites are root beer on tap, flower groomsmen (and flower grandmas), and a bacon bar during cocktail hour.

What are your favorite C201 Decor items?

We love too many pieces! Here are each of our favorites:

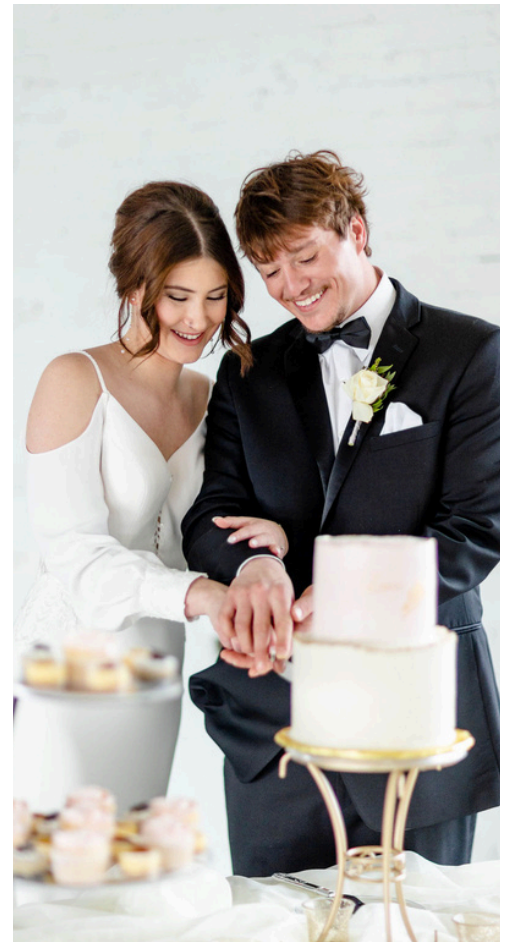

- Katie's Favorite: Our selection of signage
- Abby's Favorite: Any of our glassware!
- Libby's Favorite: Definitely, the new bud vases
